## Call for Papers and Posters

### Tim Prather President-Elect/Program Chair

The 2024 Western Society of Weed Science (WSWS) will take place March 4-7, 2024 in Denver, Colorado at the Grand Hyatt Denver Hotel.

**Title and abstract submission open October 23, 2023.** Deadline for title submission is **December 1, 2023**, but abstracts may be entered and revised any time through mid-February 2024. Please follow the guidelines when entering oral paper and poster titles. In particular, please use proper capitalization and use of periods as outlined on the title and abstract submission site: [WSSA Abstracts](#). Standardizing author and organizational names will help make a smoother program. Your cooperation on this is appreciated!

All attendees are invited and encouraged to participate by presenting at least one paper or poster, and multiple submissions are welcome. WSWS has a few changes for the 2024 meeting. We will continue to have oral papers and posters divided into projects:

- 1) *Weeds of Agronomic Crops,*
- 2) *Basic Biology, Ecology, and Technology,*
- 3) *Weeds of Horticultural Crops,*
- 4) *Teaching and Outreach,*
- 5) *Regulatory and Policy,*
- 6) *Weeds of Range, Forestry, and Natural Areas.*

Graduate and undergraduate students are strongly encouraged to enter the student paper and/or poster contests. This is accomplished with one pull-down selection on the title submission screen.

Oral paper presentations will be scheduled every 15 minutes in concurrent sessions. Maintaining a timely schedule is important for those who need to move between sessions. Therefore, presentations of 12 to 13 minutes are recommended to allow time for questions and transition to the next presenter. WSWS Poster size should not exceed 42-inches by 42-inches.
