

**WSWS Officer and Committee Report  
March 2026**

**Office or Committee Name:** Poster committee  
**Officer or Chairperson Name:** Marcelo Moretti  
**Other Committee Members:** (chair-elect)  
**Date of Preparation (include year):** Mar. 1, 2026

Activities During the Year

Poster boards and easels were transported from Corvallis, OR, to Seattle, WA, and subsequently returned to Corvallis following the 2025 meeting. In fall 2025, the boards were moved to Davis, CA, where Bradley D. Hanson stored them and coordinated transport to Southern California with Mat Fatino. Mr. Fatino transported the boards to Tucson for the 2026 meeting. Following the meeting, Jesse Richardson will store the boards and easels and transport them to the 2027 meeting in California.

At the time of writing, the total number of posters submitted for the 2026 meeting is unknown, and it remains unclear whether additional boards and easels will be required.

The activities of the Poster Committee were made possible through the voluntary efforts of multiple members who assumed responsibility for storage and transportation of materials. However, this decentralized transport model imposes substantial logistical and financial burdens on individual members of the WSWS. Long-distance transport, such as from Seattle to Tucson, presents significant logistical challenges. Alternative strategies for storage and transport should be evaluated by the Board to improve efficiency and reduce reliance on individual volunteers.

**Recommendations for Board Action:** None

**Budget Needs:** None

**Name of Person Preparing This Report:** Shannon Clark

**Date of Report:** March 5, 2025
